

Premium High Speed HDMI® cable with Ethernet

SUPPORTS 4K@60HZ AS SPECIFIED IN HDMI 2.0

A faster, smoother and seamless experience with the increased maximum bandwidth of up to 18.0 Gbps enabling the leads to carry video resolution up to 4K @60Hz with 24 bit/pixel colour depth as per the HDMI 2.0 Specifications.

The Premium High Speed HDMI cable also supports ARC (Audio Return Channel), HDR, HDCP 2.2, 3D, HEC.

4Cabling Premium High Speed HDMI Cables are backwards compatible with older HDMI devices: simply plug it into any standard Type-A Female HDMI socket and it's all good to go.

With 24K gold-plated corrosion-resistant connectors, you can rest assure that this 4Cabling HDMI cable will last longer than most other HDMI cables. The oxygen-free cable and fully shielded construction make our Premium High Speed HDMI cable virtually noiseless, with very low distortion, making it very reliable for any audiophile and Home Theatre enthusiast.

Key features

- RoHS Compliant
- HDCP: 2.2 Compliant
- Bandwidth: 18Gbps performance
- HDMI 19-pin male to HDMI 19-pin male connections
- Backwards compatible with earlier versions of the HDMI cable specifications
- Supports resolutions up to 4K2K@60hz, which is 4 times higher than 1080p @60Hz
- Fully shielded to reduce EMI and other interference sources
- 3-year warranty

Specifications

- **Colour:** Black
- **Pin Plating:** 24K Gold
- **Supported Bandwidth:** 18Gbps
- **Maximum Resolution:** 3840px x 2160px @60Hz or 4k2k@60Hz 4:4:4
- **Operating Temperature:** -25°C to 80°C
- **Insulation Resistance:** Min. 5MΩ
- **Contact Resistance:** Max. 3Ω
- **Dielectric Strength:** 300V/ 10ms
- **Audio Supported:** ARC (Audio Return Channel)
- **Connector A & B:** HDMI Type A Male
- **Cable Diameter:** 6.0±0.15mm
- **Rated Voltage:** 30V

Application

- Most suitable for a wide range of Audio/ Video players such as Blu-ray players, DVD players, LED, LCD, plasma and OLED TVs, Commercial Video Mixers, projectors, media players and games consoles such as the PS4 and Xbox One.
- HDMI connection transmits uncompressed audio-video data in 100% digital form, this in itself adds up to the worldclass viewing experience, with superb video accuracy and audiophile-quality sound.
